

Groningen, January 2009

Dear International Student,

We would like to draw your attention to The European International Model United Nations conference 2009.

The European International Model United Nations (TEIMUN) is an annual United Nations simulation for University students from all over the world. The conference will this year be held in from 13 to 20 July 2009 in The Hague, The Netherlands. This year the main theme of the conference will be: 'Seeking a balance in a changing world order'.

For 200 students, TEIMUN is an opportunity to experience hands-on the workings of different councils of the United Nations. Each student will be assigned a country to represent in one of the simulated councils. This year the simulated councils will be: the General Assembly, Security Council, Economic and Social Council, Human Rights Council, International Court of Justice, Northern Atlantic Council and the United Nations Environment Program. Last year no less than 75 different nationalities registered for TEIMUN! This wide span of nationalities contributes to make TEIMUN a unique and interesting event.

But the conference is not all work and no play, besides the formal sessions we are of course also organizing many non-official activities. You will be able to go on an excursion, visiting NGO's and the International Courts located in The Hague. There will also be nightly social activities, including an International Night and our famous Beach Party.

For more information about TEIMUN 2009 please visit our website: [www.teimun.org](http://www.teimun.org) and if you have any questions please do not hesitate to contact me at [s.beelaerts@teimun.org](mailto:s.beelaerts@teimun.org).

We hope to see you in The Hague this summer!

Yours sincerely,

Sophie Beelaerts van Blokland  
Participants Coordinator TEIMUN 2009
